

Hello all,

September 16th 2019

After many days of mediation, the wage committee and N.F.P. Harmac have agreed to a tentative collective agreement. There are many components to it and we will be explaining them all to you at the special called meetings. We are working on the preparation of the final documents this week and will have the full presentation ready for next **Tuesday September 24th**.

We know you have many questions about it and we will do our best to answer them at the meetings. Do your best to attend these meetings to vote on this agreement. **The Special called meetings will be where voting will take place at.**

Thanks

Rod Gallant

President Local 8

Wage committee Chair
