THIS AGREEMENT entered into this.

BETWEEN:

**LANTIC INC., VANCOUVER REFINERY**

(hereinafter referred to as the "Company")

OF THE FIRST PART;

AND:

Public and Private Workers of Canada Union **LOCAL 8**

(hereinafter referred to as the "Union")

OF THE SECOND PART;

WITNESSETH:

WHEREAS it is the intent and purpose of the parties hereto that this Agreement will promote and improve industrial and economic relationships between the Employees and the Company and will set forth basically herein the rates of pay, hours of work and conditions of employment to be observed between the parties hereto.

NOW, THEREFORE, THIS AGREEMENT WITNESSETH:

## **ARTICLE 1 DEFINITION**

### **1:01 Employee**

The term "employee" as used in this Collective Agreement includes all employees of the Company paid on an hourly basis, determined by the Labour Relations Board of British Columbia, as a unit appropriate for collective bargaining and defined in the Board's Certification of May 22, 1947, and as varied by the Board.

### **1:02 Disturbance**

Should a disturbance of any kind arise at the plant, the watchmen shall continue to perform their regular duties.

## **ARTICLE 2 UNION RECOGNITION**

### **2:01 Bargaining Agency**

The Company recognizes the Union as the sole collective bargaining agency for the employees, as defined in Article 1, and agrees to negotiate with the Committee selected by the Union, looking toward a peaceful and amicable settlement of any differences that may arise between the Company and the Union.

### **2:02 Union Activities**

There shall be no discrimination against any member of the Union because of Union activities.

### **2:03 Bulletin Boards**

The Company shall grant the Union the right to place bulletin boards in agreed upon places in the Plant for the purposes of posting Union notices, copies of this Collective Agreement and official papers. All such material must be posted only upon the authority of officially designated representatives of the Union. It is further agreed that these bulletin boards will not be used for disseminating political or advertising matter of any kind not pertaining to the Union.

### **2:04 Collective Agreement Binding**

- (a) This Collective Agreement shall be binding upon the parties hereto, their successors, administrators, executors and assigns. In the event the entire operation or any part thereof, which is covered by this Collective Agreement is sold, leased, transferred or taken over by sale, transfer, lease, assignment, receivership or bankruptcy proceedings, or another Limited Company is set up to perform any of the functions previously performed by the Company covered herein, such operation shall continue to be subject to the terms and conditions of this Agreement for the life thereof.
  
- (b) If at any time the Company intends to sell, transfer or lease the entire operation, or any part thereof, it shall give notice of the existence of this Collective Agreement to any purchaser, transferee, lessee, assignee, etc., of the operation covered by this Collective Agreement or any part thereof. Such notice shall be in writing with a copy to the Union, not later than the effective date of sale.

## **ARTICLE 3 UNION SECURITY**

### **3:01 Members of Union**

All employees now members of the Union shall as a condition of employment remain members of the Union. All new employees, as a condition of employment shall become and remain members of the Union upon completion of five (5) days service with the Company. All employees as a condition of employment shall pay dues.

### **3:02 Union Dues**

- (a) Upon written authorization by the employee, the Company agrees to deduct by the 15th day of each month out of the wages due to such employee, the monthly Union dues and initiation fees of such employee.

All Union dues and initiation fees so deducted shall be remitted by the Company to the Secretary of the Union within seven (7) days after the date of the said deduction together with a list of the names of the employees from whom deductions were made.

- (b) The Company agrees to submit deductions and names in alphabetical order on forms to be supplied by the Union providing an explanation for each employee for whom deductions were not made, i.e.

- Laid off temporarily
- Retired
- Deceased
- Voluntary termination
- Discharged

### **3:03 Supervisors**

It is recognized that Supervisors are excluded from the provisions of this Collective Agreement and accordingly it is improper for them to do the kind of work which is normally done by employees covered by this Collective Agreement.

It is also recognized that for the practical and efficient operation of the plant there are occasions when a supervisor must help. Such occasions must be temporary in nature and must not result in the displacement or exclusion of employees under this Collective Agreement.

### **3.04 Outside Contractors**

The Company will endeavor that no bargaining unit employee be displaced by work contracted out. The company will endeavor to prioritize the use of bargaining unit members prior to contracting out. Both parties are committed to having quarterly meetings to review contracting out notices.

In general, the Company will use outside contractors, for example:

1. Where work involved is new construction.
2. Where the work involves new equipment installation or for warranty work following an installation.
3. Where the work involves only a temporary surge in work volume.

The Employer will provide ten (10) calendar days notification prior to planned contractor mobilization on site, emergencies excepted, to permit discussions to take place on the nature of the contracting out.

When the Employer has an emergency situation, the Employer will specify the nature of the emergency, and will endeavor to advise the Union of the work involved.

In instances where the work to be performed by a contractor significantly expands in nature or scope, the Employer agrees that a new notice will be issued.

In instances where disagreement arises, the issue will be presented at Stage 3 of the Grievance Procedure.

#### **ARTICLE 4 MANAGEMENT**

The management of the refinery and direction of the employees including the right to hire, suspend, discharge, dismiss for proper cause, to maintain discipline and efficiency of employees and to relieve employees from duties because of lack of work are vested exclusively in the Company, providing however, that this will not be used for purposes of discrimination against employees because of Union activities. All matters concerning the operation of the Company's business not specifically dealt with herein shall be reserved to the Company and be its sole responsibility. It is understood that Company powers in this Section cannot be exercised in any way inconsistent with or in violation of any of the provisions of this Collective Agreement.

#### **ARTICLE 5 HOURS OF WORK**

##### **5:01 Standard Work Hours**

The Company and the Union agree that:

- (a) The standard workday shall consist of eight (8) hours and the standard work week shall consist of forty (40) hours Monday to Friday inclusive. It is understood each employee's work

schedule shall provide for five (5) consecutive shifts with the same starting and stopping times. Hours of work shall provide for a lunch period of one-half (1/2) hour to commence between 4 to 5 hours after start of shift. Shifts will commence as follows:

Day Shift:	<b>06:30</b>

Night Shift:	<b>22:30</b>

The Company may vary an employee(s)' designated shift start time by up to two (2) hours to meet operational requirements.

- (b) Boat Shift hours will be aligned in accordance with those of the Longshoremen where required to unload the boats.
- (c) For the purpose of calculating weekly earnings, a week is defined as a period from **22:30** hours Saturday to **22:30** hours the following Saturday.
- (d) Work schedules will be posted each week by 1400 hours Thursday and shall cover a three-week period. Changes for the first week's schedule may be made without paying overtime penalty rates up to 2300 hours of the Saturday prior to the commencement of the schedule, if required because of absenteeism. The second and third week's schedules are posted for information only and changes can be made at any time without penalty.

#### **5:02 Overtime Paid**

- (a) Overtime rates of two (2) times the regular rate of pay shall be paid for all time worked in excess of the eight (8) hours per day or forty (40) hours per week.
- (b) Exceptions to the above 5:01 and 5:02 (a) are:

Watchmen and Power House employees whose services are regularly required on weekends, will be paid the regular rates of pay for work done on Saturday, but in no case will they work more than eight (8) hours per shift or forty (40) hours per week without overtime rates being paid. In addition, all regular shift work commences at **22:30** hours Sunday. Power House employees will be paid time and one quarter for all hours worked on Sunday between **22:30** hours Saturday to **22:30** hours Sunday.

- (c) If an employee's shift is changed, all hours worked on the first shift will be paid at the overtime rate of two (2x) times the regular job rate. The employee's shift may be changed back to the regular shift during the week with no additional penalty.

Overtime shall be paid for all hours worked in excess of or outside the employee(s)' designated shift start time.

It is understood that an employee shall be paid overtime for a shift change as outlined above and if as a result of such change works in excess of forty (40) hours per week or eight (8) hours per day, overtime premium shall apply for all hours in excess.

- (d) Exceptions to 5:02 (c) above:
  - (i) The first day of employment for all newly hired employees will be day shift for orientation purposes. The shift of the employee(s) may be changed the following day for the remainder of the week without paying an overtime penalty rate.
  - (ii) Where an employee is undergoing training for a rated position, the Company may change the employee's shift once during the week without overtime penalty.
  - (iii) During any period when a boat is not being unloaded employees scheduled to work on raw sugar boat unloading may request to change from boat shift operating hours to regular shift operating hours. Such a change in shift scheduling will not entitle the employee to the overtime rate of pay.
  - (iv) When two employees with consent of the Company agree to exchange working time, there shall be no overtime paid to either employee for time so worked.
  
- (e) The Company and the Union agree that employees who work overtime may, in lieu of receiving overtime pay, bank their overtime hours for the purpose of taking time off at a later date. This arrangement will be subject to the following:
  - (i) An employee may bank any overtime worked in any one-year period from February 1 to January 31.

Employees intending to bank overtime will provide their supervisor with a completed "Banked Overtime" form no later than the date the overtime is worked.
  - (ii) Each overtime hour worked will earn two hours in the bank at straight time.
  - (iii) Administered independently from vacations and ATO, overtime banked must be taken in the form of time off in the current year (between February 1 and January 31). When taken, payment will be made at the employee's current classified rate of pay. It is understood that banked overtime shall only be scheduled after vacation and ATO have been exhausted.
  - (iv) Any banked overtime remaining on January 31 will be paid out in the following pay period, based on the instructions obtained at the beginning of the year, from each concerned employee indicating the amount they would like to be directed to an RRSP, any leftover being paid in cash. When paid out, payment will be made at the employee's current classified rate of pay.

| - Family Day                      | - Canada Day               | - Thanksgiving                              | - Christmas Day |
| - Good Friday or<br>Easter Monday | - B.C. Day<br>- Labour Day | - Remembrance Day<br>- 24 December          | - Boxing Day    |

If another provincial or federal statutory holiday is declared, the parties will meet to decide whether it will be observed on the newly declared statutory holiday or if it shall be substituted for either Christmas Eve or Boxing Day in order to maintain the total number of statutory holidays provided in the collective agreement.

When required to work on any one of the preceding statutory holidays, overtime rates of two (2x) times the regular rate of pay will be paid for all hours worked plus eight (8) hour statutory holiday pay at the regular rate of pay.

When not required to work on any one of the preceding statutory holidays, employees shall be paid for eight (8) hours at their regular rate of pay.

  - (ii) An additional day off with eight hour's regular pay at a time to be mutually arranged between the employee and the company.
- (c) Employees off work on leave of absence for a period of one hundred and twenty (120) hours or more during which a statutory holiday occurs will not receive pay for the statutory holidays.
- (d) In order to receive holiday pay under the provisions of subsection (b), a regular employee must complete both their last scheduled shift the week previous to the holiday and on their first scheduled shift following the holiday unless they have received leave of absence or can substantiate upon return to work that they were under a doctor's care and unable to work for medical reasons.
- (e) A regular employee laid off work in the week of, or in the week immediately preceding the week in which a statutory holiday falls and is not called back to work within thirty (30) days after lay-off, will not be entitled to statutory holiday pay.
- (f) When a holiday listed in 5:03 (b) falls on an employee's regular day off or during the time they are on annual vacation, statutory holiday pay will not be paid at that time but the employee will

be given another day off with pay at the straight time rate of eight (8) hours at their rate of pay at the time the holiday is taken. It is understood that this day off will be taken at a time when it does not interfere with the operation or maintenance of the plant.

#### **5:04 Stats. on Saturday & Sunday**

When a holiday mentioned above in 5:03 (b) falls on a Saturday or Sunday, and it is customarily observed on a Friday or Monday, such Friday or Monday shall be considered a holiday under the terms of this Collective Agreement.

All employees called in to work and receiving less than four (4) hours work shall be paid for four (4) hours.

#### **5:06 Working through Lunch**

- (a) In the case of an emergency, should an employee be asked to forego their meal period, work performed after five (5) consecutive hours without a meal period shall be paid for at the rate of two (2) times the regular hourly rate. It is understood that no one shall be called back after the supper period for less than two (2) hours service or pay equivalent thereto.
- (b) Employees working on straight time shifts shall be responsible to fit in their meal break within three to five hours after their starting time. If, by the end of four hours, the employee thinks that they will be unable to do this, they shall advise their supervisor of this fact and a meal break scheduled during the fifth hour. If requested to work beyond five hours without a meal break, then 5:06 (a) would apply.

#### **5:07 Change in Hours**

The Company and the Union Committee shall by mutual agreement only arrange for any changes in the starting and stopping time of hours of work and for meal period.

All employees shall be entitled to a paid fifteen (15) minute rest period during each half of their designated shift. Any employee who reports for work more than 1 1/2 hours after their designated starting time will not be entitled to a paid fifteen (15) minute rest period during that half shift. It is further understood an employee is entitled to a paid fifteen (15) minute rest period for each two (2) hours of overtime work.

#### **5:09 Shift Premiums**

An employee indicating that they will be incapable of working a three-shift system will be required to provide the appropriate medical substantiation.

The employee will continue in their classified job for an initial period of 4 weeks and then the employee will be temporarily transferred to the Miscellaneous Labour job classification and be paid the Miscellaneous Labour classified rate of pay after temporary transfer. Upon the employee being medically capable of returning to the three-shift system they will resume their posted job classification and classified rate of pay.

In the event that the employee is incapable of returning to a three-shift system after 26 weeks total, they will automatically lose their classified job and return to the Miscellaneous Labour job classification and classified rate of pay and will lose their 'spare' classification if shift work is required. Both parties agree that the period may be extended by mutual agreement.

The vacant job classification will be posted and awarded in accordance with Article 7:04 of the Collective Agreement.

### **5:11 Emergencies**

In the case of an emergency, if an employee is recalled to work while on vacation or accumulated time off, they will be paid two (2x) times their regular rate of pay for all hours worked during this recall period. The cancelled vacation and accumulated time off pay will not be paid until an equal number of days' vacation or accumulated time off are taken at a re-scheduled date.

## **ARTICLE 6 WAGES**

### **6:01 Rates/Classifications** (See Article 27)

When an employee is temporarily removed from their regular work and placed on other work for the Company's convenience, they shall be paid their regular rate of pay or the rate of the other work after one (1) hours work at the higher rated job, whichever is greater. It is also agreed that regardless of age or sex, equal pay for equal work will prevail if the work ordinarily carried out can be performed without further assistance.

### **6:03 Establish/Delete Classifications**

- (a) When new job classifications are established as deemed necessary and advisable by the Company, the Union shall be advised. A rate shall be set by the Company, or the Company shall furnish additional help to compensate for additional labour involved. If after a trial period of thirty (30) days, the Union deems the adjustment made by the Company to be unsatisfactory, the dispute shall be settled pursuant to the Grievance Procedure provided.
- (b) When the deletion of existing job classifications are deemed necessary or existing job classifications require changes because of changes in the character of duties and responsibilities, as deemed necessary by the Company, the Union shall be advised of the contemplated change in writing. Thereafter, a meeting will be arranged between the Company and the Union to discuss such deletion or change. It is understood that the Company will make every effort to make such change or deletion with the least amount of dislocation amongst the employees. If the Union deems the deletion or change to be unsatisfactory, the dispute shall be settled pursuant to the Grievance Procedure herein provided.

### **6:04 Rates for Employees Whose Job Becomes Redundant**

- (a) Effective as of the first day of December 1970, the liabilities and assets of the Improved Contributory Pension Plan shall be calculated and grouped into two parts as more particularly set forth in the Letter of Understanding entered into between the Company and the Union under the date of the 16th day of April, 1971.
- (b) When the aforementioned division has been made the Company shall create a new Trust fund with the National Trust Company into which shall be transferred that part of the assets of the Improved Contributory Pension Plan which have been allocated to cover those liabilities which apply to the employees at December 1st, 1970 who were then members of the Improved Contributory Pension Plan and members of the Retail Wholesale and Department Store Union, Local 517, plus those former employees who at that date still had a right to a benefit under that Plan and who were immediately prior to last termination of employment members of the Union, plus the contingent annuitants and beneficiaries of those employees and former employees. A new Pension Plan shall be established to set forth the rights and benefits of the present members of the Improved Contributory Pension Plan who are included in the group defined in the immediately preceding sentence. The rights and benefits of such members are to be the same as those rights and benefits to which they are entitled under the Improved Contributory Pension Plan at December 1st, 1970 after giving effect to the 25% bonuses declared by the Company in 1970.
- (c) The Company shall guarantee the benefits payable under the terms of the new Plan up to the minimum levels of benefits provided under the terms of the Improved Contributory Pension Plan at December 1st, 1970 after giving effect to the 25% bonuses declared by the Company in 1970.

### **20:02 Contributions (1973)**

Commencing March 1st, 1973, the Company agrees to increase the contributions to seven percent (7%) of their gross earnings from the Company to the Union Pension Plan.

### **20:03 Contributions (1976)**

Commencing with the 1st day of February 1976 up to and including 31st of January 1977, the Company agrees to make payments to the Retail Wholesale and Department Store Union Pension Trust Fund for each employee working in job classifications covered by the Collective Agreement at the rate of nine percent (9%) of their gross earnings from the Company.

Commencing with the 1st day of February 1977 and for the duration of the current Collective Agreement between the Union and the Company and any renewals or extensions thereof, the Company shall make contributions to the pension fund at the rate of ten percent (10%) of the employee's gross earnings from the Company.

The excess of the foregoing Company rates of contribution over the former rate of Company contribution of seven percent (7%) of employee's gross earnings from the Company, shall be applied toward:

- (a) Reducing the difference between male and female members with respect to the age at which accrued pension credits may become payable without reduction for commencement before age 65 but not earlier than age 60 and/or
- (b) Providing for improvements in pension credits for accrued service with the Company which may include past service credits prior to May 1st, 1969 as well as increases in pension credits accrued since May 1st, 1969 such that the rate or rates of pension credit for such accrued service will not be more than the rate of future service credit adopted for the Plan.

It is agreed that the foregoing shall not reduce the mandatory retirement age.

Provided however, that for the duration of the current Collective Agreement and thereafter during any renewals or extensions thereof while the Anti-Inflation Act of Canada applies, the excess of these contribution rates over the former rate of contribution of seven percent (7%) of the employee's gross earnings from the Company shall be applied towards the purposes specified in items (a) and/or (b) of the immediately preceding paragraph.

The Company agrees to become a participating Employer under the Retail Wholesale Union Pension Trust Fund and to execute such documents as may be required in this respect.

It is understood that contributions shall be payable in respect to the earnings of the employees from the first day of employment whether said employees are permanent, temporary or seasonal or full time or part time employees, and regardless of whether or not they are members of the Union. It is further understood that each day or hour paid for, including days or hours of paid vacation, paid holidays or other days or hours for which pay is received by the employee in accordance with the Collective Agreement shall be counted as days or hours for which contributions are payable.

Contributions along with a list of employees for whom they have been made and the amount of contribution in respect to the earnings of each employee shall be forwarded by the Company to the National Trust Company acting as custodian of the assets of the Retail Wholesale Union Pension Trust

Fund and shall do so not later than twenty-one (21) days after the close of the Company's four to five week accounting period.

The Company shall also complete such forms and provide such information as the Trustees and Administrator for the Retail Wholesale Union Pension Plan require from time to time in the administration and operation of the Plan.

As of the date of return to work, the Company shall cease making contributions to the Retail Wholesale and Department Store Union, Local 517 Pension Trust Fund. It is further agreed that the Union, the Company and the Trustees of such Trust Fund shall take such steps as are required to transfer to the Trustees of the Retail Wholesale Union Pension Plan and Trust Fund all of the assets and benefit liabilities under the Retail Wholesale and Department Store Union Local 517 Pension Plan and Trust Fund.

All monies paid to the Trustees of the Retail Wholesale Union Trust Fund pursuant to this Collective Agreement shall be maintained under a single sub account of that Trust Fund and there shall be no distinction between the monies transferred from the Retail, Wholesale and Department Store Union, Local 517 Pension Trust Fund and contributions made by the Company subsequent to the date of return to work pursuant to this Collective Agreement.

The provisions of the Retail Wholesale Union Pension Plan shall provide rights and benefits for each employee having earned a benefit under the Retail Wholesale and Department Store Union, Local 517 Pension Plan at least as great as those earned under that Plan. Thus each such employee shall not suffer any loss of accrued benefits and rights as a result of the transfer of assets and liabilities from the Retail Wholesale and Department Store Union, Local 517 Pension Plan and Trust Fund to the Retail Wholesale Union Pension and Trust Fund.

The British Columbia Sugar Refining Company Limited Improved Contributory Pension Plan shall continue to be operated pursuant to the Letter of Understanding included in the Collective Agreement entered into the 16th day of April 1971 between the Union and the British Columbia Sugar Refining Company Limited and the Agreement and Declaration of Trust created in accordance with such Letter of Understanding.

#### **(a) Lantic Inc. Supplemental Unemployment Benefit Plan**

The Supplemental Unemployment Benefit (SUB) plan covers only those employees who are recognized as being a Lantic Inc. apprentice under the terms of the Collective Agreement.

This plan will supplement Employment Insurance (EI) benefits received by workers for unemployment while they are attending a Vocational School for their specific apprenticeship training. This SUB plan will not apply to any periods of retraining required to complete the Apprenticeship level.

Upon release to attend apprenticeship training, Lantic Inc. will provide the employee with a Record of Employment (ROE) indicating that the employee is entitled to supplemental unemployment benefits. The employee must submit this form to Service Canada when applying for EI benefits. The employee must indicate on the EI application form that the employer will pay SUB payments and these payments must be reported separately from any other earnings received in the claim period.

Employees are required to verify that they have applied for and are in receipt of EI benefits in order to receive payments under this plan. The employee will make available to the Company the cheque stubs from their employment insurance payments.

The benefit paid under this plan provides that the EI benefit rate (gross amount) and the SUB payment will equal 95% of the employee's apprentice weekly gross earnings upon release. The SUB is payable at 95% of the employee's apprentice weekly earnings while the employee is serving the two-week EI waiting period. Any changes to the EI benefits must be reported to the company to allow for the adjustment of the SUB payment.

The SUB is payable for the duration of the time the employee is attending the Vocational School for apprenticeship training. The maximum period of time that the SUB will be payable for any one training period is twelve (12) weeks. The SUB plan is financed by the general revenues of Lantic Inc. A separate record of SUB payments will be kept with the payroll.

The duration and terms of this plan are subject to approval by Service Canada. If this plan is amended at any time during this period Service Canada will be informed in writing within thirty (30) days of the change.

Payments of guaranteed annual remuneration, deferred remuneration, or severance pay will not be reduced or increased by payments received under this plan.

**Apprentice Wage Scale:** Under this Program Apprentices will receive the following pay during the term of this Collective Agreement.

The apprentice shall complete at least 1800 hours per year as set out by the Industry Training Authority (ITA).
- (g) Review initial list of applicants prior to testing selection.

#### **29:06 Entry to Program - New Apprentices:**

- (b) The Company agrees that when hiring Journeymen tradesmen in future, only those with B.C. Trade qualifications or Interprovincial Trade Qualifications (Red Seal) will be hired. - (c) Upon completion of each period of training in an approved Vocational School, an apprentice will be required to pass examinations set by the Industry Training Authority (ITA). Practical examinations shall be confined to the area of training received. In the event of failure to pass examinations, the apprentice shall be required to undergo a period of retraining on subject material specified by the Industry Training Authority (ITA) authorities and will be required to be re-examined within twelve (12) months. Failure to pass the second examination will result in

a review of their position by the Joint Apprenticeship Committee and will result in their removal from the Program. Employees who are removed from the Program will be offered a base rated classification in the Department they came from and placed upon the Seniority List with their original date of employment less the amount of years and months they spent as an Apprentice. It is understood, however, that their combined seniority would apply for vacations, pension, severance pay and welfare benefits.

- (a) Successful applicants will be assigned to a specified trade as a probationer for a three (3) month period. During the probationary period, they shall be paid the base rate.
- (b) On successful completion of the probationary period the probationer shall be reclassified and paid the first year Apprentice rate for the following nine (9) months. ### **Re: Business Continuity – Increased Sugar Production Capabilities:**

During the bargaining process for the renewal of the 2018-2023 collective agreement, the Union and the Company discussed many ideas aimed at increasing the overall annual white sugar production of the Vancouver refinery in an attempt to meet market demand without a change in the current regular work schedules. Notably, the parties discussed implementing the following measures as soon as possible following the signature of the collective agreement:

- Implement certain process improvement ideas (Baskets, Reduce Pan Cycle Time) that would generate additional white sugar volume.
- Hire 5 additional employees vs the 2024 budget of 145 employees (3 miscellaneous labourers and 2 maintenance) for enhanced training/spares and reliability.
- Implement a continuous improvement committee focused on technical process improvement ideas to increase white sugar production. This committee will be comprised of 3 hourly employees and 3 management employees. The committee will meet quarterly.
- Guaranteed weekend run-throughs by the introduction of mandatory overtime language (senior may, junior must principle) applicable for 12 run-throughs per year, providing the agreed-upon training plan discussed by the parties during the bargaining process has been implemented.

These ideas will be implemented with the objective of meeting production demand for the Vancouver refinery. The Company believes that these ideas will deliver enhanced production by June 2025. If after implementing the above-mentioned measures, but not before July 1, 2026, the anticipated production requirements for the Vancouver refinery are not being met, the Company will have the ability to implement a weekend crew to increase the hours of production. The parties would then meet at least 90 days prior to the implementation of the weekend crew. The weekend crew would be implemented by the Company with the following framework agreed upon by the parties:

- Schedule:
  - 2 X 12-hour shifts on Saturday and Sunday
  - 2 X 8-hour shifts on either Thursday, Friday, Monday or Tuesday (4-consecutive days including the weekend)
  - Total of 40 regular hours worked per week
- Weekend Crew assignment would be voluntary for all employees hired prior to September 28, 2023
- The following areas/classifications would be part of the weekend crew: Process team, Shift Mechanic/Electrician/Instrument Tech, Binman, Railcar loader, and Front-End Loader driver.
- Option for the conscripted employee to take a day off (using their own time banks) within 3 weeks of the mandatory overtime (as part of the guaranteed run-throughs)
